Add expert insight to your team to better identify and manage risk

IOSH Managing Safely with Verlingue delivers **lasting benefits** to your business, building safer, stronger workplaces. It also gives your managers an internationally recognised qualification in health and safety leadership.

In today's rapidly changing legislative environment, understanding Health & Safety is no longer optional - and the numbers make that clear:

7,000+

Notices issued

248

Criminal prosecutions

92%

Conviction rate

Executive's Annual Report and
Accounts 2023/24 (HSE, 2024)*

The power of knowledge

With the right knowledge, managers and supervisors can:

- ✓ **Reduce** accidents and **prevent** costly incidents
- ✓ **Lower** insurance and legal risks
- ✓ **Improve** productivity and staff morale
- ✓ **Demonstrate** compliance and avoid fines or prosecution
- ✓ **Strengthen** your reputation with employees and partners

What is the Managing Safely course?

IOSH Managing Safely equips leaders with the essential knowledge and practical tools to manage health and safety with confidence.

In a fast-changing regulatory environment, it provides the clarity needed to protect your workforce, ensure compliance, and build a safer, stronger workplace.

Who is it for?

Health & Safety is a responsibility for every business, and this course supports those with a role in managing it, including:

- Managers
- Supervisors
- Operations managers
- Shift leaders
- Warehouse managers
- Area managers
- Health & Safety managers

What does it cover?

- Understanding responsibilities
- Identifying and assessing risks
- Controlling risks
- Investigating incidents
- Measuring performance

How we deliver?

At Verlingue, training is never just a tick-box exercise. Our IOSH-accredited trainers deliver interactive workshops with real-world examples, ensuring your team can immediately apply what they learn. We also provide ongoing support to embed safer practices in your workplace.

Course duration

3 days on site or 4 days remote.
Contact us to tailor a program to your needs.

Course cost

£375 + VAT per individual or £3,000 + VAT for courses of 8-12 people (includes course materials, examination entry and registration).
