

Protecting Hospitality Businesses

The Verlingue approach

No two hospitality businesses are the same - and neither are their risks. At Verlingue, we take the time to understand your operations in detail, review your current cover, and design a tailored programme that prioritises prevention, business continuity, and peace of mind.

We help you identify and manage the key risks affecting your sector including:

Terrorism

Changes in legislation

Employee and customer injuries

Brand and reputation damage following a PR crisis

Food poisoning and allergen incidents

Disruption to utilities such as gas, electricity or water

Incidents forcing your business to close

Loss or protection of service charge / TRONC arrangements

Challenges with staff retention

Cyber attacks and data breaches on your and your suppliers' systems

Expert solutions for hospitality

From boutique restaurants to global hotel groups, we deliver insurance solutions designed to protect your assets, reputation, people, and revenue.

Extensions of cover include:

- Property & General Liability Insurance
- Business Interruption
- Breakdown of key machinery ie. Fridges
